

Healthy Food Supply and Nutrition Policy of Goodwood Preschool

Rationale

This preschool promotes safe, healthy eating habits in line with the **Right Bite Healthy Food and Drink Supply Strategy for South Australian Schools and Preschools** and relates to the DECD wellbeing strategy.

We believe that early childhood is an important time for establishing lifelong, healthy eating habits and can benefit the children in three ways:

1. Short term: maximises growth, development, activity levels and good health.
2. Long term: minimises the risk of diet related diseases later in life.
3. Good nutrition contributes to good health and wellbeing and this is vital for positive engagement in learning activities.

Therefore:

- staff at this preschool model and encourage healthy eating behaviours
- food and drink are consumed in a safe, supportive environment for all children
- parents and caregivers are encouraged to supply healthy foods that fit within the **Right Bite** strategy for their children at preschool.

This food policy has been established after consultation with staff and parents within the preschool community.

Curriculum

Our preschool's food and nutrition curriculum:

- is consistent with the *Dietary Guidelines for Children and Adolescents in Australia*, and the *Australian Guide to Healthy Eating*
- includes activities that provide children with knowledge, attitudes and skills to make positive healthy food choices and learn about the variety of foods available for good health
- includes opportunities for children to develop practical food skills like preparing and cooking healthy food
- integrates nutrition across the EYLF framework where possible, **relating to the Developmental learning outcome: 'Children have a strong sense of wellbeing'**

The Learning environment

Children at our preschool:

- have fresh, clean tap water available at all times and are encouraged to drink water regularly through the day. Children are asked to bring a named water bottle and staff supply cups of water on the occasions where water bottles are forgotten.
- will eat routinely at scheduled break times
- eat in a positive, social environment with staff who model healthy eating behaviours
- use the preschool garden to learn about and experience growing, harvesting and preparing nutritious foods

Our preschool:

- provides rewards/encouragements that are not related to food or drink
- understands and promotes the importance of breakfast and regular meals for children
- teaches the importance of healthy meals and snacks as part of the curriculum
- is not aware
- is a breastfeeding friendly site

Food supply

Our preschool:

- encourages healthy **food and drink choices** for children in line with the *Right Bite* strategy
- encourages food choices which are representative of the foods of the preschool community
- ensures healthy food choices are promoted and are culturally sensitive and inclusive
- displays **nutrition information** and promotional materials about healthy eating

Parents and carers are encouraged to supply fruit and vegetables or a healthy snack ie yoghurt, cheese at fruit/snack time to:

- provide children with important minerals and vitamins
- encourage a taste for healthy foods.

- parents and carers are encouraged to provide healthy food and drink choices in line with the ***Right Bite*** strategy

Food safety

Our preschool:

- promotes and teaches food safety to children as part of the curriculum
- provides adequate hand washing facilities for everyone
- promotes and encourages correct hand washing procedures with children and staff.
- Promotes nut awareness

Food-related health support planning

Our preschool:

- liaises with families to ensure a suitable food supply for children with health support plans that are related to food issues.

Working with families, health services & industry

Our preschool:

- invites parents and caregivers to be involved in the review of our whole of site food and nutrition policy
- provides information to families and caregivers about the *Right Bite Strategy* through a variety of ways including:
 - newsletters
 - policy development/review
 - information on enrolment
 - pamphlet/poster displays
